Welcome '34 Ford Fans!

Welcome to the new 34ford.com website. This site caters to fans of the 1934 Ford cars that are so often today's streetrods and classics. If you, like us, are interested in what made the 1934 Ford so popular to streetrodders and classic car enthusiasts, you're in the right place.

If you've been to our site before you know that we have a loyal following that loves to talk about this model year of Ford vehicles. If you're interested in talking cars, posting your parts or vehicle for sale or just want to check out the photo gallery, feel free to create an account and start talking to the community.

Unlike our old site, it's now a requirement to become a member to post to the site but not to browse the content. Creating an account is easy and we take your privacy seriously.

If you like what you see, please support our site by checking out the ads placed around the pages. It helps keep this site running and allowing for new features to be added.

Thanks for stopping by...

Tom Coleman and Todd McClintic
